DAY 1  
Saturday  
2/8/25

### Arrive Reykjavik, Iceland

Visit Iceland for crisp winter nights and a rare opportunity to search for the northern lights. If atmospheric conditions are right, the Aurora Borealis will roar into your view with a mesmerizing show: rippling ribbons of light radiate in neon green, red, and gold; the intensity of northern lights displays in Iceland will leave you awe-struck and always produces extraordinary night photography.

Get to know your expert Icelandic guide, who will help you learn about local traditions and foods, as well as guide you as you drive a snowmobile, and search for the northern lights. You are also accompanied by an AdventureWomen Ambassador, committed to helping make your experience a fun and personally rewarding adventure, and cheering you on as you reach beyond your comfort zone to take on new challenges in your own unique way!

#### Arrival Information

Arrive at Keflavik International Airport (KEF) today by 7:00am.

#### Pick-up and Transfer

You'll be met by a driver at the Reykjavik airport early this morning to start your adventure! If you are arriving into Reykjavik before the official start of the trip, meet your guide at 10am in the lobby of the Skuggi Hotel.

#### Explore Reykjavik

As soon as it gets a little bit lighter out, set off on a tour of Reykjavik on foot and by bus. Discover this small but charming Nordic capital, including its historic buildings, the main shopping streets, a sculpture garden, the Opera House, and the mighty Hallgrímskirkja Church which towers over the city center.

#### Perlan

After lunch at a local bistro, head to Perlan, a huge glass dome on top of a hill. You'll experience the ice cave, which is 100 meters long and made from 350+ tons of mountain ice, snow, and volcano ash. As you exit the ice cave, you enter a modern, interactive exhibition about glaciers where you will see, hear and feel the power of our earth, volcanoes, earthquakes, and geothermal energy come alive at your fingertips.

#### Dinner

Enjoy a festive welcome dinner with the group tonight as you get to know your fellow AdventureWomen travelers.

DAY 2  
Sunday  
2/9/25

### Reykjavík to West Iceland

Stretching from soaring peaks on its eastern boundary to the ghost-haunted shores of the Atlantic in the west, Snæfellsjökull National Park is a microcosm of Iceland's bewitching geography. Its crowning glory, Snæfellsjökull Glacier, rises 4,800 feet above sea level; its underlying volcano has been dormant for nearly 1,800 years.

#### Snæfellsjökull National Park

Head out of Reykjavík via the under-sea tunnel and spend most of your day exploring in Snæfellsjökull National Park, enjoying stunning views all along the way. Declared a National Park in 2001, the area has an astonishing variety of natural landscapes, including moss-covered lava fields, pebbled beaches, and rugged cliffs. Explore with the other women on your trip on foot for different vantage points in this amazing natural setting.

#### Lunch on Your Own

Enjoy lunch on your own today.

#### Evening Activities

Enjoy a soak in the geothermal pool before dinner. Spend some time outside this evening looking for the Northern Lights - you're in the perfect location to see them here, as there is very little light pollution.

DAY 3  
Monday  
2/10/25

### West Iceland

Enjoy a full day exploring the stunning and dramatic landscapes of Iceland. The contrasts seem to be made for beautiful photographs.

**Explore a Cave** Equipped with safety gear and led by a guide, you'll head into one of Iceland's largest lava caves in the Hallmundarhraun lava field. Experience the magnificent underground lava and, at some point, experience total and complete darkness.

**Visit a Goat Farm** Stop for a visit at the Icelandic goat farm owned by Johanna Bermann. In the year 2000, Johanna secured the last four hornless goats in Iceland, then on the brink of extinction, and bred them back to a sustainable population. She established the Icelandic Goat Conservation Center, and there are now over 800 Icelandic goats in the country. You may have the chance to come face to face with Bambi, the famous goat from Game of Thrones!

**Lunch** Enjoy lunch on your own today at a local restaurant.

**Waterfalls and Hot Springs** Back up on the surface, visit the Hraunfossar lava waterfalls and Deildartunguhver, the largest natural hot spring in Europe. Drawing on the geothermal reserves in the area, it pumps out a staggering 180 liters of boiling water each second, and the billowing clouds of steam created by this mighty fissure are truly impressive.

Next to the hot spring is the Krauma Spa, where you can enjoy a sauna, various hot tubs, and the relaxation room with a crackling fireplace. Krauma has a total of six baths, five warm and one cold. No extra chemicals are needed to keep the pools clean, as the water is constantly being replaced because of the rapid natural flow rate of the hot springs.

**Dinner** Enjoy dinner at your hotel this evening.

DAY 4  
Tuesday  
2/11/25

### West Iceland to Geysir

Geysir is one of the highlights of Iceland's Golden Circle and lies in one of the most active geothermal areas in the country.

#### Morning Dogsledding

One of the highlights of your week is sure to be today's 45-minute dogsledding excursion. Feel the power, excitement, and energy of these amazing sled dogs as they are harnessed to go. During the ride, your Musher guide will drive your team while sharing his knowledge and passion about dogsledding. Halfway through, you'll stop for a quick photo break where you can cuddle with the dogs. Belly rubs are mandatory!

#### Thingvellir National Park

Your next destination is historic Thingvellir National Park. You will see the spectacular natural amphitheater, where almost every important moment in Iceland's history has taken place. Today, Thingvellir is still regarded with reverence by Icelanders, its historical weight reinforced by a serene natural beauty. Thingvellir sits right on top of the Mid-Atlantic Ridge, and you can clearly see the dividing plates and the lake-filled-valley that has developed between the plates.

#### Lunch on Your Own

Enjoy lunch on your own today.

#### Great Geysir Hot Spring and Gullfoss

Continue to the Great Geysir hot spring area and Gullfoss Waterfall (the Golden Waterfall), two of Iceland's most famous sights. Although the Great Geysir itself has been inactive since the 1960s, its neighbor geyser, Storokkur, fires off a 30-meter-high spout every few minutes.

#### Secret Lagoon

On your way to your hotel, stop for a soak in the natural hot springs of the Secret Lagoon. The pool's steam rising into the air gives it a magical feeling, and the temperature of the hot springs water stays at 100-104 degrees Fahrenheit all year round. Changing rooms with showers are on site.

#### Dinner

Enjoy a tasty dinner with the group tonight.

### Adventure Travel Today

At AdventureWomen, we want everyone to understand that our excursions are adventure travel vacations and not "tours." We define "adventure travel" as travel in which one **actively participates**, as opposed to a "tour," in which one is more or less a passive observer. AdventureWomen designs and organizes vacations all over the world for women who want to **experience an active, out of the ordinary vacation, and meet new friends**. Most of all, we want our trips to be **fun!**

**good-natured realist and have a sense of humor!** Adventure vacations, by nature, require that participants be self-sufficient, flexible, and able to accept situations as they exist, and not just as they would have preferred or expected them to exist. The constraints of scheduled group traveling also necessitate that each of us be understanding of and sensitive to others. **Being on time** is important, and contributes to the congeniality, success and well-being of both individuals and the group!

In this spirit, the successful adventure traveler should be a
