Lake Louise

Opened in 1940 and considered one of the world's most spectacular road trips, the Icefields Parkway links Banff and Jasper National Parks with 144 miles of ooh and ahh inspiring vistas. Every bend in the road reveals one magnificent sight after another, from turquoise blue lakes rimmed by conifers to giant glaciers hanging from the mountainsides and some of the highest mountain peaks in Canada. Keep a lookout for bighorn sheep clambering around the cliffsides, a stately moose taking a drink from a reflection lake, or a family of bears enjoying the roadside bounty of local berry bushes – you will stop for pictures along the way!

Columbia Icefield and the Athabasca Glacier

Travel to the dazzling Columbia Icefield, the largest mass of ice in the Rocky Mountains which drapes across the North American Continental Divide and covers 125 square miles. From its melting snows and many glaciers, waters flow across North America to the Atlantic, the Arctic, and the Pacific oceans. Stops include Bow Lake, Peyto Lake, Waterfalls.

Your ice-walk adventure is on the Athabasca Glacier, a three and a half-mile tongue of ice that flows from the icefield, giving you the chance to peer into ice canyons and crevasses. It is a world few people ever see, let alone experience firsthand. Enjoy a packed lunch on the way.

DAY 6
Friday
8/15/25

Banff

It 1883, while investigating Alberta's terrain on the eastern slopes of the Rockies for the Canadian Pacific Railway, three railroad workers discovered a large cave sheltering a series of hot springs. Two years later Canada's National Park System was born with Banff leading the way. Discover the diverse beauty of this iconic 2,564 square mile wonderland today as you set out for an unforgettable hiking adventure.

Hiking Options

You can choose from either the 6-mile, 1,700-foot elevation gain Larch Valley hike, or the Sentinel Pass hike, which traverses 7 miles with a 2,375-foot elevation gain. Both hikes start in the dreamy Valley of the Ten Peaks at Moraine Lake and lead through a peaceful larch forest and up to a high alpine meadow filled with carpets of alpine wildflowers. Continue to the sparkling waters of Minnestimma Lakes, which reflect the sapphire skies and towering peaks of the ten attendant mountains, an awe-inspiring panorama. Today's lunch will be picnic style and enjoyed while en route.

Optional Sentinel Pass Summit

Those who are up for it can continue to the summit of majestic Sentinel Pass, where 360-degree panoramas make for impressive "we were here" photos! The views are spectacular. Paradise Valley and the breathtaking peaks of the Continental Divide unfold to the north, while the glaciated spires of the Ten Peaks fill the horizon to the south. This is one of those mountain destinations that almost defies description.

Adventure Travel Today

We define "adventure travel" as travel in which one actively participates, as opposed to a "tour," in which one is more or less a passive observer. AdventureWomen designs and organizes trips all over the world for women who want an active, out of the ordinary experience, and meet new friends. **Most of all, we want our trips to be fun!** In this spirit, the successful adventure traveler should be a good-natured realist and have a sense of humor! Adventure trips, by nature, require that participants be self-sufficient, flexible, and able to accept situations as they exist, and not just as they would have preferred or expected them to exist. The constraints of scheduled group traveling also necessitate that each of us be understanding of and sensitive to others. Being on time is important, and contributes to the congeniality, success and well-being of both individuals and the group!
